Savor this season's unique blend of music, spanning the globe, from the American Southwest to the Baroque glories of Europe. This year's repertoire, as in previous concert seasons, presents a one-of-a-kind choral experience that challenges and excites us.

The Chorale annually performs three concert programs, two classical with professional orchestra and soloists and one Pops with lighter music, often accompanied by piano and percussion. Venues feature ample, free parking in convenient Metrowest locations.

Come sing with us.
